

## Eligible Military Child Care in Your Neighborhood Installations

Military Child Care in Your Neighborhood (MCCYN) is a fee assistance program for eligible families who cannot access installation-based child care due to distance or waitlists. With fee assistance, a portion of your child care is paid to reduce what you would pay for care in your community. This makes it easier to afford quality child care from local community providers.

MCCYN is available to eligible families who do not live near a DoD installation with a Child and Youth program or are stationed at one of the following installations that have been pre-identified as fee assistance eligible.
